

SAN DIEGO Is the Nearest Seaport and Distribution Point to a Vast Inland Territory--The Great Southwest

With the completion of the new San Diego & Arizona Railway NOW BUILDING, it will immediately become the great importing and jobbing center for this entire region, and the natural outlet for its products. The work of building this railroad is being prosecuted with all speed by powerful capital. It is a magnificent, modern railroad. It crosses the coast range with easy grades at a low altitude and without the climatic difficulties that hamper other roads to the Pacific coast. The bridging of the gap between San Diego and Yuma will give to San Diego's magnificent harbor all the overpowering advantages of its unrivaled location and make available the extremely low water rates on freight from all parts of the world for distribution to this great inland Empire.

CACTUS LEAGUE DOPE

By N. M. Walker

DURING the temporary lull in the cactus belt, the big leagues are furnishing the thrills for the local fans. Chicago's showing against New York is the top line in this long distance baseball contest with Cincinnati and Pittsburgh's games a close second. Tuesday New York and Chicago played a 2 to 0 game up to the fifth and then closed the game with a Chicago rally in the seventh when the folks from the city of the big feet scored six and supplied a thrill or two to the Chicago bugs. Six pitchers were used in this contest and one Harry McIntyre, one of the members of the known in El Paso club, was the first to get his in the Chicago lineup, being replaced by Kroh and Kroh by Rittche. New York sent in Randall to start the going, relieved him with Wilkie and followed this up with the one and only Bugs Raymond. Cleveland and Boston furnished some little sport, playing 14 innings far into the night and calling the game on account of the gathering twilight with the score standing six and six in favor of neither.

to-goodness league is a matter of conjecture. Just now Clifton is reported to be somewhat shot to pieces, with the loss of Crittenden. Little is known of Morenci's actual playing form, as that team has tied into but one other club this year and that has been Clifton. A toboggan from the top rung of the standing ladder is predicted for Morenci when the copper mountain club plays the four fast clubs in the four cornered circuit.

Jack Ryder has an explanation for Wingo Anderson's failure to make good with the Cincinnati Reds. Jack, who writes sport for the Enquirer, says that Wingo is suffering from a chronic attack of too much bush league. He says that Wingo has everything a heavyweight pitcher needs but control, the one thing that the amateur batters get along without. Ryder says Anderson pitched around the high grass circuit so long that he got the belief in his head that he had control, when in fact he was feeding the amateur batters a lot of curve balls at which they would bat, whether they were over the hard pan or on the outside corner. The result was that Anderson got a strike-out record and went on the strength of it and his wonderful curve balls. But big league batters and bushers are different. Ryder points out. The experienced batters look over the offerings in a way no busher ever dreamed of, and the pitcher must make 'em over before they will take a chance at one. This was something new for Wingo and when he tried to put the ball over the plate, his wonderful curves were of as much use to him as candy to a desperado. The batters studied him, played a waiting game and got a lot of base on balls until Griffith pulled him out. What Anderson needs, according to the baseball writer of the Enquirer, is experience and control, two things that can be obtained better in the minors than in the major organizations. His sale to Dayton is the very thing for him, Ryder says, and if he will take his lesson to heart there will be a pitcher back in the majors before long.

A change in the time for calling the games has been made for the Douglas series. The Friday and Saturday games will begin at 4 o'clock and the Sunday game at 2:30. This will give the downtown people a chance to see the games without losing an entire afternoon from work.

JEFF TAKES THE DAY RATHER SLOW

Ben Lomond, Calif., June 15.—Jeffries applied a coat of paint to the outdoor ring in the morning, won two out of three games of handball from Corbett in the afternoon and went through some apparatus work in the gym. That was about all that occurred in camp Tuesday. Jeff says he will not slip into a glove until the paint dries.

CLIFTON PLAYER BUYS CANDY STORE

New Players From Pittsburgh—Riley Quits Team. New Players Coming.

(By L. R. Crawford.) Clifton, Ariz., June 15.—Pete Riley, manager of the Clifton baseball team, has resigned his position with the Arizona Copper company, and will take charge of the Clifton Candy kitchen. Riley has said that his new business will compel him to give up baseball, but that he will remain in charge of the team until the arrival of the new players from the east. Riley has managed the Clifton team for two seasons and will be hard to replace. He is a hard worker of the type that stays in a game from the start to finish. Just who Riley's successor will be is hard to say. The club is being run by an association and the board of directors will probably look after the business end until a new man is selected. The new players from Pittsburgh should arrive here by June 21. The team will immediately be reorganized and a captain chosen, so when they make their first appearance in Bisbee on June 25 and 26, it will be with almost a new lineup. Morenci will play in Clifton Sunday, which will be the last game under the present organization, and although the team is still in a crippled condition they will make a hard fight for the victory. It will probably be Riley's last appearance in a Clifton uniform. The new organization is shouldering a hard proposition with the club bringing up the rear and it will take hard playing to pull out of the hole. However the caliber of the new men is already known here. The new uniforms for the team are expected this week.

MOGOLLON WINS BIG BALL PURSE

Takes the Game From Alma Blues and Wins a \$500 Wager.

Mogollon, N. M., June 15.—The ball game at Alma between the Mogollon Miners and Alma Blues resulted in a victory for Mogollon, the score being 18 to 8. The purse played for was reduced from \$600 to \$500. The Alma fans were jubilant at the close of the first inning, when they tallied four runs by some luckily placed hits. No runs were made during the next three innings, then Mogollon tied the score. From that time on the game belonged to Mogollon, the Miners doing some remarkably heavy hitting. Dan Nolan pitched the game for Mogollon and had only one bad inning. Catcher Allen did good work, both with the big mit and the stick. Only one error was made by the Miners.

It's a gay life—quoth Clarence—but it would be gay if we had free ball games and free soda pop. Wake up, little Nemo.

Four heavily played favorites cashed at Buena Vista yesterday, and the bookmakers lost by it. It is so unusual for the bookmakers to lose that this ought to be on the first page, but it isn't. Fourteen innings to a tie occurred at Cleveland yesterday with Boston as visitors. It was a 1 to 0 tie with the home team at the heavy end of the stick work. College oarsmen are rowing it neat Poughkeepsie. Pennsylvania rowers are said to be the most promising. Brooklyn defeated St. Louis yesterday by a two run shut out, but the game was one of lost opportunities all around. Another shut out occurred at Boston when Cincinnati made 8 runs. Gasper kept the hits scattered, but both Brock and Parsons were hit hard. Dusty won the first event at Latona and caused a big surprise. Tony Bonero won a mile handicap. Philadelphia made 5 runs off Maddox and Camnitz of Pittsburgh yesterday. Leach disputed the umpire and was ordered home. Play in the city tennis tourney for singles begins this afternoon on Y. M. C. A. courts. No ringside seats on sale.

TEXAS LEAGUE NOTES

By Horace H. Shelton.

Tony Thebo is now wearing a Dallas uniform. He was secured by the Giants in a trade with the Waco Navigators. He has played with almost every team in the league, and is doing good work.

Third baseman Spencer of the Galveston team is now having a try out in the box for Galveston. He won the first game he pitched against the Oklahoma Indians.

In Sunday's game Billiard of San Antonio struck out 15 men. He allowed but two hits. The best record previous to this time was that of Ables, also of San Antonio. He struck out 15 men in a game with Oklahoma City April 27, but the Indians swatted him for four safeties.

Stinton of the Bronchos has made seven home runs so far this season, and every one has been the deciding factor in a game.

Trapper Longley, formerly with Austin and several other teams in the Texas league, has resigned as manager of the Beville Orange Growers of the Southwest Texas league. The owners refused to uphold him in a trade he made regarding some players. His resignation has been accepted and pitcher McDonald of the team has been put in charge.

It now looks as if Lajoie would break all batting records this season. He has taken a great lead and it looks as if nothing would stop him. It's a pity he could not have led the Cleveland team to a pennant while he had chance of it.

Alexander is putting up an excellent game for San Antonio. Although his regular place is behind the bat he is as often in any other position and does well in any place that the manager happens to set him down.

Pitcher Browning, who was with Waco a couple of years, is handed the following noseyay in the Wichita Eagle: "Early games show that Hughie Jennings' pitching staff has been considerably strengthened by the addition of three youngsters, Stroud, Pernoll and Browning, whom the Tigers' manager got from the minors last fall. Of the three the showing of Browning seems to be the best. The little mite who does not weigh more than 132 pounds, has won two straight games from Cleveland recently by his clever pitching." In talking of this fellow the other day, Jennings said: "Browning is little, but oh me, oh my! He is another Clarke Griffith, and will make a record for himself before the season ends."

Manager Leidy, the old big leaguer at the head of the Bronchos, has won one pennant for the team and he looks well on the way to win another. The San Antonio team is making an exceptionally good showing. In Billiard, Ables and Blanding the team undoubtedly has the best pitching staff in the league.

Clyde Engles, secured from New York, has been warming the bench at Boston, while Speaker, a former Texan, Lewis and Hooper have been playing the garden positions. Anytime a .275 hitter, who is also good in other departments of the game, has to warm the bench the other fellows must be going at a mighty fine clip.

SPECIAL LOW FEES

During the entire month of June we are going to reduce our fees less than ONE-HALF the usual charges, and although they have never been exorbitant still, many people in need of special treatment have neglected consulting us for fear that they would be excessive. Many do not consider the fact that we furnish all medicines for the cure, that we spare neither pains nor money in securing the best of everything for our patients and that we have expended thousands of dollars in equipping our offices and are giving them as good treatment as they can get in Chicago or New York. With all this, our charges for curing many uncomplicated Chronic Diseases do not exceed FIFTEEN DOLLARS.

A consultation, a careful examination and our opinion and advice will cost you nothing nor obligate you to take treatment, and when necessary we will use the X-RAYS, Cystoscope and Microscope, or make a chemical analysis FREE.

Some people who read our ads the past two weeks in which we stated that we would cure Varicocele, Stricture and Piles for the small sum of Fifteen dollars, were very skeptical. The following letters taken from many we have received, tell what we are doing:

City, May 22, 1910. Dear Doctors:—It is with pleasure that I write you that the little operation was a perfect success. When I read your advertisement stating that you would cure varicocele for fifteen dollars, I said to myself, well I will go up and see where the catch in this ad. is, as I had some experience with advertising doctors and the other kind too for that matter. You did all you promised and I am truly grateful. Would prefer that you not use my name in the papers, but will talk with anyone. Your Grateful Patient.

El Paso, May 25th. Dear Doctors:—I believe that my stricture is well. I feel fine, in fact better than for years. Your charges were less than one-fourth I paid another specialist who treated me for months without giving me relief. Yours gratefully, R. Gramlich.

FREE BOOKS. Discussing the causes, symptoms, prevention and treatment of all Chronic, Nervous, Blood and Private Diseases in plain simple language, sent to any address, if the writer will mention this paper.
